Public consultation no. 2018-020 of 24 October 2019 concerning the functioning of the single gas market

Dear Madams/Sirs,

OMV Gas Marketing & Trading GmbH (OMV Gas) is an active participant on the single French gas market TRF and we would like to make two remarks on said consultation.

Question 8: Are you in favour of the publication of a single joint annual maintenance programme by gas transmission, storage and LNG terminals operators?

OMV Gas supports the idea of a coordinated publication of relevant infrastructure maintenance programmes.

Question 10: Are you in favour of the TSOs' proposal to change the financial guarantee calculation and the conditions for suspending the transmission contract?

We believe the creditworthiness conditions currently in effect are sufficient.

In case you have any remarks or questions, feel free to contact us.

With best regards

OMV GAS
